

LES VINYES  
FORER MASSARD

# 2022 Huellas Blanco

## The Name

The word Huellas means fingerprints and is our way of reminding us that all of our work in the vineyards results in an impact on the land and the community. We must respect that and limit those impacts to beneficial impacts as much as we can.

## The Label

The image of the wing of a butterfly echoes our commitment to the biodiversity and the ecosystem that our vines live in.

## The Vintage

2022 was the midpoint year of what would be a 4 year drought. We received just enough rainfall in our region of Priorat (north east, near Poboleda) to allow for sufficient vigour of the vines, but the lack of water resulted in berries that were quick small, with concentrated sugar in the juice. The result was a fairly high alcohol, at 14.62%, but the increased phenolics due to the high skin to juice ratio resulted in a wine doesn't show as one with excessive alcohol. A dense powerful vintage.

## The Winemaking

Pressed whole cluster, the fermentation was in a mix of stainless steel (80%) and larger used barrels (20%). We performed batonnage for a 2 week period post fermentation to broaden the mouthfeel.

## The Wine

The low rainfall vintage shows a real density of pure Grenache Blanc fruit. Round and powerful. Enjoy now, but the wine will gain more complexity with 2-3 years in the cellar.

## The Technical Data

Cepage: 100% Grenache blanc

Production: 2,226 bottles

Alcohol: 14.62%

TA: 6.1 g/L

Volatile Acidity: 0.52 g/L

RS: 0.4 g/L
